ILLUMINATING THE POSSIBILITIES

## THE OPPORTUNITY TO CREATE

Applelec LED Light Sheet is brought to you with over twenty years of industry expertise and unrivalled technical knowledge to offer a lighting solution like no other.

This innovative and adaptable lighting unit can be used in a diverse range of internal and external applications.

The expert team will develop an installation which meets your requirements, complements your design and supports your project.

## BOTH UNIQUE AND MEMORABLE

Our range has been formed using the finest manufacturing techniques to produce finishes whose quality are both unique and memorable. Our knowledgeable team is available to do on-site training to explain the benefits of Applelec LED Light Sheet and the manufacturing methods which provide a point of difference that enhances any project.

**Project:** Grayson Perry's Birth
